MANY THRILLING ADVENTURES TOLD

HAIRBREADTH ESCAPES AND MIRACULOUS RESCUES IN DAYTON'S DISASTER

A FAMILY'S EXPERIENCE

Man Saw Wife Sink Third Time and Babies Float Away But all Survived

By Associated Press

Dayton, O., March 31.—Many thrilling adventures are coming to light as the victims of the flood are recovering from the effects of their awful experiences. Among the most interesting experiences reported were those of the family of C. M. Adams in Riverdale.

When the first rush of the waters came Adams took his wife and ten months and two year old babies to the house of a friend. An hour later they were again forced to move this time from a second story window from which they floated on an improvised raft of doors. This frail craft soon dashed against a telegraph pole and was capsized. Just before he was rescued Adams saw his wife sink for the third time and his babies floating down the stream. Three hours later he recovered consciousness and found himself in the attic of a house and beside him on the floor his wife alive. A few minutes later a man came swimming up to the attic window bringing him his two babies. They had lodged in the branches of a tree and were unhurt. Mrs. Adams was rescued by a high school boy who was a member of the boy scouts. He had been trained in the resuscitation of persons nearly drowned and had put his knowledge to good practice when he found Mrs. Adams, apparently lifeless body floating in the street.

SCOUTS TO PARTICIPATE IN FIREMEN'S PARADE

Boy Scouts to the number of 48 will take part in the parade which will be among the features of the firemen's convention here in May, and will be given military training in the meantime. A meeting of the Scouts has been called by Dr. J. L. McKee for tomorrow night at the Y. M. C. A. building when the first steps will be taken to get the boys lined up for their performance. They will be drilled in military tactics by local experts and Dr. McKee hopes to be able to line them up for a splendid appearance.

ALDERMANIC ELECTION TO BE HELD TUESDAY

Polls Will be Open at City Hall—Three to be Elected

Three aldermen will be chosen by Wichita Falls voters tomorrow to serve for the next two years, and voters have a field of six candidates from which to choose. The polls will open at the city hall at 8 o'clock and remain open until seven. The three aldermen whose terms expire are Messrs Reed, Gardner and Young, all three of whom are candidates for re election. New candidates are H. G. Karrenbrock, Vic Stampfli and Otto Stehlik.

There will be only one voting box at the city hall. Voters must hold both city and county poll tax receipts to vote.

CONTRACTOR RETURNED MONEY TO REXFORD

Man Who Cashed Check for $475 and Left Town Will Escape Prosecution

No charge has been filed against the contractor who cashed Burt Rexford's check for $475, as published in Sunday's Times, and it is not likely that any action will be taken. The contractor gave back $325 of the money, all that he had left when Constable Burns and Mr. Rexford confronted him at Oklahoma City. He was willing to return here, but left the others at El Reno and an effort was made to secure him, as there is no charge upon which he may be held.

The man had paid off a note in Oklahoma and had bought an over coat and some clothes, which he left with Rexford and Burns when he quit the latter at El Reno. Mr. Rexford, under the circumstances, is glad to get back even part of the money. Under the law, it is doubtful if the contractor could have been forced to return any of it, but he was persuaded to do so.

IMPORTANT LEGISLATION

BEING RUSHED THROUGH BOTH HOUSES IN CLOSING HOURS OF SESSION

COLQUITT WINS

Home Rule Bill Recalled and Governor's Recommendations Adopted

By Associated Press.

Austin, Texas, March 31.—With adjournment only a few hours away and many important bills yet to be acted upon both houses of the legislature are working desperately to get the bills of most importance out of the way before the close of the session.

By a vote of 61 to 59 the House this morning agreed to recall the home rule bill for the corrections as asked by Governor Colquitt. The bill was later adopted in the Senate as corrected.

The House adopted the Nugent bill providing that a saloon shall not be established within two miles of local option territory and appointed a conference committee for the bill to allow persons up to 21 years to attend public schools.

The Senate passed finally the House bill to prohibit persons or corporations from allowing gas wells to run wild.

The Burgess-Harris substitute for the Hudspeth Senate mining law was adopted and this substitute passed finally.

The Gibson Senate bill abolishing the State fire insurance bill was adopted.

Three important changes in the code of legal procedure were adopted. One of these provided for the abolishment of degrees of murder in indictments, another provided for charges to the jury before taking testimony in civil cases and the third related to assignments of error in appeals.

By a vote of 105 to 11 the House adopted the joint conference recommendation for a constitutional amendment to require full citizenship for voters.

Shouting that there was an attempt to gerrymander in West Texas districts, S. O. Fuller resigned as a member of the Congressional redistricting committee but his resignation was refused.

The House adopted the initiative and referendum bill by a vote of 98 to 29 after twice defeating it. Its passage was due to an amendment by Carver giving the legislature the right to review all proposed legislation. Representative Rogers arose from his sick bed to vote for the resolution.

The House finally passed the bill appropriating $450,000 for the penitentiaries. The passage of this bill obviates the necessity for an immediate special session of the legislature. Although the clock recorded the hour as 12 10 when this bill came up Speaker Terrell refused to see or hear members who attempted to block its passage by calls for adjournment.

Realizing that all special bills must be disposed of today the Senate is considering such bills vigorously this morning. The Senate this morning adopted a code of rules of the 32nd legislature.

The Senate adopted the Rowellfish and oyster bill and the bill providing for a code of civil laws similar to the criminal code was rushed through.

The House bill authorizing certain companies to sell and refrigerate fruit and other produce and the Bandera county road law and others were passed in the Senate.

The Senate concurred in the House amendment providing for six year terms of members of the State educational board and rescinded the engrossment of the Lattimore bill which put a ban on picture shows and adopted an amendment extending the provisions of this bill to include Sunday baseball games.

The House passed finally the bill to prevent fire insurance companies from escaping payment of losses on technical grounds, appropriated five thousand dollars for a joint survey of the State's water resources by the State and Federal governments, and finally passed the House bill requiring verified readings in the Corsicana city charter.

Governor Colquitt this morning approved the Ellison bill making it a penitentiary offense to ship intoxicants into local option territory within the State.

The filed without approval the El Paso Northwestern and El Paso Southern consolidation bills whose legality will now await the decision of the courts in the Katy merger.

He approved the bill allowing surety companies to furnish bonds for county and state officials. He also approved the Wichita county road law and numerous other special road and school district bills.

He approved the bill giving railroads the two additional years called for their charters.

The Senate this afternoon adopted the House resolution for an investigation of the finances of the State penitentiary system, after amending the resolution to make the lieutenant-governor a member of the investigating committee.

The first conference committee from the Senate on the redistricting bill was dismissed and a new one appointed in its place. Warren, Weinert, Willacy and Wiley are members of the new conference committee.

The Senate refused to concur in the House amendment to the Gibson bill abolishing the fire insurance board and it went back to conference. The Senate concurred in the House amendments to the mining law, child labor and nine juror bills. The House bill making it an offense to be intoxicated on private premises was passed finally. McNealus made a futile attempt to recall the House home rule bill but as the noon hour had been reached the Senate recessed.

WEATHER FORECAST

Tonight and Tuesday generally fair; cooler.

FORTY DOLLARS MORE FOR FLOOD SUFFERERS

J. A. Kemp Sends Check for $25 and Christian Church Sunday School $15

Forty dollars more from Wichita Falls went to the flood sufferers in Ohio and Indiana this afternoon, The Times telegraphing that amount to the headquarters of the Red Cross Society at Washington. Of this amount $15 was raised at the Christian Church Sunday school yesterday morning and J. A. Kemp sent a check for $25.

In view of the fact that liberal subscriptions from other points have, it is believed, afforded ample funds to care for the situation in the stricken districts, The Times list will now be closed.

LINEMAN HURT IN FALL FROM POLE

J. C. Adams Believed to Have Touched Live Wire—His Injuries Are Serious

J. C. Adams, a lineman in the employ of the Wichita Falls Power & Light Company, was seriously injured at 2:15 this afternoon when he fell from a pole near the corner of Fifth and Ohio. He is believed to have touched a live wire, which threw him to the ground.

He was quickly removed to the Wichita Sanitarium in the Hill ambulance. It was feared that his back was broken but this had not been definitely ascertained. Adams was removing some of the wires to permit the passage of part of the old Wichita laundry building, which is being moved, when the accident occurred. Adams is married, his family residing in Oklahoma City.

SUMMER TEMPERATURE RECORDED TODAY

Shady Side of Street Popular and Mercury Was Close to 80 Degree Mark

The shady side of the street was popular yesterday and today, with temperatures near the 80 degree mark and a decidedly summers atmosphere. The warm weather seems more pronounced on account of the freezing weather of last week and the transition from January to June in such a short time causes some discomfort.

The weather bureau predicts unseasonably warm weather for all of this week and the accuracy of the forecast is indicated by the fact that last night's minimum temperature was fifty degrees.

J. P. MORGAN DIES IN ROME

WORLD'S GREATEST FINANCIER HEARD DEATH CALL AT 12:05 P. M. MONDAY

WAS UNCONSCIOUS

Patient Sank into a State of Coma and Failed to Recognize Relatives

By Associated Press

Rome, Italy, March 31.—J. Pierpont Morgan, the great American financier, died at five minutes past twelve o'clock here today (this was 6:05 a. m. New York time).

When Mr. Morgan's death was seen to be approaching Prof. Bastinnelle and Dr. Dixon forced Mr. and Mrs. Herbert L. Satterlee, Morgan's son-in-law and daughter, and Miss Helen Hamilton, who had been in constant attendance upon Mr. Morgan since his illness, to leave the room.

Toward the end the patient showed evidences of internal suffering only by a movement of his right hand. Otherwise he displayed no signs of vitality except by his heavy breathing.

Frequent bulletins were issued this morning as his condition grew worse and by eleven o'clock his physicians gave up all hope. He had been unable to assimilate food for several days and last night his physicians administered heart tonic. His physical weakness was extreme and for several hours he was in a state of coma, unable to respond to any question or to recognize any of those about his bedside. One of his relatives, Mrs. Fitzsimmons, arrived from Canne during the morning and was shown into the bed chamber but her presence remained unknown to Mr. Morgan.

The American Ambassador was told during the morning that Mr. Morgan's collapses were rendered worse by his increasing deafness.

After their arrival in Rome with Mr. Morgan, Mr. and Mrs. Satterlee realized their mistake in bringing him here instead of taking him to London where he could have remained in the quietude of his own house instead of at a hotel. The mild Rome climate also proved too ennervating.

Cable dispatches have been pouring into Rome all morning from all parts of the world inquiring concerning Mr. Morgan's condition.

BLAMES PUJO INVESTIGATION

By Associated Press

Rome, March 31.—Dr. A. N. Starr of New York who was called into consultation on the illness of J. Pierpont Morgan attributed his breakdown to emotions caused by the investigations conducted by the Pujo committee of the American congress into the alleged existence of a money trust. These investigations agitated Mr. Morgan greatly.

THE STOCK MARKET WAS UNAFFECTED

New York, March 31.—The stock market here bore up well under the news of Mr Morgan's death. The opening prices showed declines which did not reach one point on the leading stocks and under supporting orders rallied quickly. Trading showed no evidences of nervousness. Financiers said the recent rumors concerning the serious character of Mr. Morgan's illness had prepared the market for any possibility.

It became known today that Mr. Morgan had suffered a serious attack before leaving New York but had rallied so quickly that it was not considered the forerunner of probable fatal ones later. This attack was known to only a few of his intimate associates.

In the heighth of his power Mr. Morgan is said to have controlled more than nine billions of capital.

J. P. MORGAN'S CAREER

No man of recent times has occupied a bigger place in American financial history than John Pierpont Morgan. He was in the banking business for more than half a century, and during the latter years of his life he was unquestionably the financial dictator of the United States. When a panic seized Wall street in 1901 during the struggle for the control of the Northern Pacific Railroad it was Mr. Morgan who came to the rescue. Again, when similar conditions prevailed in the fall of 1907, it was Mr. Morgan who saved the situation. Aside from these two incidents Mr. Morgan probably will be chiefly remembered for the part he took in floating the United States Steel Corporation. The violent decline in the securities of the steel trust during the depression of 1903-1904, and the storm of criticism that broke forth from the thousands of investors in the United States and in Europe who put their money into these securities, had been a thorn in Mr. Morgan's side, and his chief ambition in the years that followed was to see the steel securities in such position in the market that his most bitter critics would be forced to concede that he built the great trust on a substantial foundation.

Without a Peer in Financial World.

As an example of business capacity of a remarkable kind, Mr. Morgan was almost without parallel. He was as capable as any of the Rotschilds in the money line and his achievements as an industrial organizer surpassed any similar feats performed by other operators in the United States or abroad. Among the concrete results of Mr Morgan's intellectual labors were the reorganization of the Buffalo and West Shore, and its lease to the New York Central; the reorganization of the Chesapeake and Ohio, the rearrangement of the Great Southern and the reorganization of the Erie, and his influence was felt by the Pacific system. Some of the achievements which he made incidents to his money and railroad business are the present efficiency of the China and Japan carrying trade, the consolidation of the Western Union Telegraph and the American Bell Telephone Company, the combination of the coffin producing and steel industries and the launching of the Edison process of magnetic iron ore separation.

Was Well Educated.

Mr. Morgan was born at Hartford, Conn., April 17, 1837. His early schooling opportunities were the best. He graduated from the Boston high school and was a student in the University of Gottingen, Germany. His father was a financier of prominence and it was not difficult for young Morgan to get a start in the business world. His first experience was in the London house of Morgan & Peabody. Going to New York at the age of 23, he fought both Gould and Fisk for the possession of the Albany & Susquehanna railroad and beat those old Napoleons of finance at their own game. In 1871 he became a member of the banking firm of Drexel, Morgan & Co., which later became J. P. Morgan & Co., the largest private financial institution in the world.

The history of the Morgan banking house reads almost like a fairy tale, so wonderful have been its achievements. In 1871 Mr Morgan created a market in Europe for $25,000,000 of New York Central stock and sold it there at a profit which amazed old Commodore Vanderbilt. In 1877 he handled an issue of $260,000,000 of government bonds in preparation for putting the national currency on a gold basis. In 1880 he provided $40,000,000 for the extension of the Northern Pacific Railroad to the Pacific Coast. In the same year he was instrumental in the reorganization of the Reading Railroad and the Baltimore & Ohio, involving the loan of $10,000,000. In 1893 the Southern Railway was created out of the Richmond Terminal and allied lines. In 1895 he rehabilitated the Erie road. Two years later he put the Lehigh Valley on its feet and brought about the soft coal combination. In 1902 he performed one of his most remarkable feats. In company with August Belmont he undertook to and did maintain the gold reserve in the federal treasury, although he performed the impossible, the suspending of the laws of exchange in order to accomplish the result.

He Gave Away Millions.

Despite a life of strenuous endeavor Mr. Morgan found time for other things. He gave away millions in charity, but nothing perturbed him more than to have it mentioned to him. He was a devout Christian and vestryman of St. George's Episcopal Church, where he could be seen every Sunday morning when at home passing the silver salver for the collection.

He took an active interest in the Metropolitan Museum of Art, and possessed one of the most magnificent private galleries in the world. A deep student of medieval history, he collected many relics of the past, including a Bible for which he paid many thousand dollars, while at one time he bought a cope with was stolen from Italy and when the news of the theft leaked out showed his magnanimity by returning it to the original owners free of cost.

Enjoyed Life to the Utmost.

During all his years Mr. Morgan enjoyed life to the utmost. He was passionately fond of dogs and his kennels at Cragston were the wonder of breeders the world over. He rode and shot and angled enthusiastically and was fond of yachting. His yacht Corsair was one of his favorite recreations. He belonged to numerous societies and clubs in the United States and Europe.

It is impossible to estimate with any degree of accuracy the size of the Morgan fortune. It has been variously estimated in recent years at from $75,000,000 to $200,000,000. If it is any where near the latter figure it is equally true that he made as much for others.

In 1861 Mr. Morgan married Miss Amelia Sturges, who died the following year. In 1865 he married Frances Louise Tracy, by whom he had one son and three daughters. The son J. P. Morgan Jr., is now a man of middle life and for a number of years has been the active head of the Morgan banking house in New York.

W. H. PAGE ACCEPTS BRITISH POST

World's Work Editor Notifies Wilson of Acceptance of Appointment

By Associated Press

Washington, March 31.—Walter H. Page of Garden City, Rhode Island editor of the Worlds Work, a monthly magazine and head of the Doubleday Page and Company, publishers, today accepted appointment from President Wilson as Ambassador to Great Britain.

REBELLION ANNOUNCED IN BUREAU OF HOME AFFAIRS

Washington, March 31.—There is rebellion in the cabinet although the administration is but a week old. It first manifested itself in the postmaster general's department—In his bureau of home affairs. It is nothing more nor less than a revolt by the new officials's daughters.

Miss Lucy Burleson 18 years old and Miss Sidney Jr. respectively second and youngest daughters of the new official are the ringleaders. Furthermore they are the whole revolt. Their cause is simple. It is that they have to go to school instead of mingling in Washington society as daughters of other cabinet members will do.

Both girls are now students at Virginia college. Their father plans they shall finish at the University of Texas. Hence the rebellion.

RAWLINSBURG, INDIANA UNDER WATER TODAY.

By Associated Press

Rawlinsburg, Ind. March 31.—Practically all this city is under water today and more than fifty buildings are reported to have been carried away by the flood. However as there was ample warning it is not believed there will be great loss of life if any.

During a fire in a carriage factory it was floated by the rising water and carried five blocks away. The flood extinguished the fire and the building is not believed to be seriously damaged either by the water or the fire.

BANK AT SARAGOSSA ROBBED LAST NIGHT.

By Associated Press

Pecos City, Texas March 31.—The State Bank of Saragossa was wrecked with nitro glycerin and robbed last night. The robbers escaped. The amount stolen is not known here.

ORGANIZATION BY KATY'S AGENTS

PANHANDLE DIVISION AGENTS MET HERE SUNDAY AND ORGANIZED FOR YEAR

A. B. MAPLES PRESIDENT

Wichita Selected as Head—Next Meeting Will be Held at Elk City April 19

A meeting of the agents for the Panhandle Division of the Katy, including the lines from Whitesboro west to Wichita Falls and north and south on the Wichita Falls Route, was held here yesterday afternoon, about twenty five being in attendance. These meetings are held monthly by the agents of each division of the Katy, this being the second held here, but the first since organization was formed.

The agents organized for the year by electing J. B. Maples of Wichita Falls president; a secretary will be chosen from several candidates by mail ballot. The agents heard discussions of traffic and similar matters and a number of talks were made on railroad matters. Last evening all gathered at the St. James for supper. Elk City was selected as the place for the next meeting, which will be held April 19. Those in attendance yesterday were: G. L. White of Mangum, H. C. Nott of Burkburnett, J. W. Luke of Myra, E. A. Steinberg of Lindsey, H. G. Stelzer of Muenster, O. I. Jarrett of Henrietta, E. R. Talley of Hesterm, W. M. Prince of Hollis, W. A. Morgan of Tipton, E. W. London of Carter, W. A. Carleton of Devol, A. B. Dickes of Granfield, W. A. Allgood of Tipton and the following from local offices, C. L. Fontaine, O. P. Thomas, N. L. Inge, R. J. Sullivan, E. B. Carver, O. H. Womack, A. M. Maples, J. G. Golden, J. T. Bentley, J. P. Anderson, H. E. Bragg, H. F. Carter, J. R. Newman.

HUERTA GOVERNMENT FILES A PROTEST

Requests Greater Vigilance on Part of U. S. in Guarding the Border

City of Mexico, March 31.—The Mexican Government has made a formal protest to the American Government against the shipping of arms and ammunition from the United States to the rebels and has requested that greater vigilance be exercised in guarding the frontier. Mexican officials understand that numerous consignments of war material, including many machine guns, have been sent across the border in some cases even at the regular ports of entry, and are now in the hands of the rebels.

It is pointed out by the same officials that since the rebels control a large part of the frontier, this country is dependent absolutely, for the time being, on the United States to prevent the rebels from obtaining supplies. That the rebels are securing quantities of ammunition appears to be a fact.

No notable improvement in the revolutionary situation is apparent. The greater successes in recent days are credited to the rebels although severe punishment in minor engagements has been inflicted on the adherents of Venustiano Carranza near Monterey.

Residents of the capital are nervous because of continued rumors of friction between Huerta and Gen. Felix Diaz and of plots and intrigues, even to the fixing of dates when a new battle may be expected in the streets or the assassination of one or the other of the principals.

On Saturday so keen was the excitement that the President summoned newspaper men to the palace after midnight to issue a formal statement saying he and Felix Diaz were still friends and working in harmony and that there was no truth in the street gossip. Huerta's statement was reiterated by Diaz.

OKLAHOMA REQUISITION FOR PERCY BELCHER.

Oklahoma City, March 31.—Governor Cruce Saturday issued a requisition for Percy Belcher wanted in Jackson county having been convicted there April 25 1912, on a criminal charge and sentenced to five years in the penitentiary.

Belcher was found guilty in the district court at Quanah Tex. Friday of murdering his father and sentenced to the penitentiary for sixty years.

News has been received here of the death at Lyons Oklahoma of Hamp Neil son of Mr. and Mrs. William Neil. The deceased was a native of this city and was well known here. Death was due to tuberculosis.

LAST MEETING IN OLD CHURCH

HOME FOR PRESBYTERIANS FOR TWO DECADES. WILL BE DISMANTLED

REMINISCENCES RECITED

Last Meeting Sunday Given Over to Program of Historical Nature

Bidding farewell to the building which has been the scene of services by local Presbyterians for two decades the First Presbyterian church last night held final exercises in the old structure. The program was largely historical in nature dealing with the early vicissitudes of the church organization.

With this service the congregation ceased to occupy the building at Tenth and Travis. On Wednesday the contract will be awarded for the handsome new building to be erected at Tenth and Bluff, while a modern apartment house will be built by J. A. Kemp on the present site.

Some interesting and amusing stories of the first services ever held in Wichita Falls were told by J. H. Barwise, who came up from Fort Worth to attend the service. Interspersing his historical recital with interesting comment, Mr. Barwise told of coming here on one Saturday in 1878 and attending services the next day in a partially completed livery stable he himself led in the singing, he said. He told of later services, of the visit of Bishop Garrett to confirm a class of two, and of the building of the old log church and school house, the site now occupied by the tabernacle. Drouth and hard times added to the troubles which beset the church in his early days and Mr. Barwise's reminiscences told of many struggles. He paid feeling tributes to many of his early pastors.

Miss Kate Barnes told of the old Cumberland church, which congregation erected the present building. Many of the names she mentioned are familiar to the old timers here and some of them are still well remembered. She told of the building of the present structure, smaller then than now, and of the Sunday School and other activities.

The work of the Presbyterian Church, U. S. was told of by J. C. Hunt who discussed the work and ability of the early pastors of that church.

J. A. Kemp was called upon to tell of the plans for the future; he said that he did not feel that the Presbyterians had kept pace with the other activities of the city in progress in recent years; but he believed that the new church would marke the beginning of a new era; it was the plan to award the new contract Wednesday he said. Mrs. J. A. Kemp paid a brief tribute to Mrs. J. H. Barwise, one of the most earnest and devoted workers in the early days of the church.

Dr. McKee read extracts from the church minutes since he assumed the pastorate, nearly four years ago, showing that the agitation for a new church building had been almost constant in recent years. The exercises closed with the singing of "God Be With You Until We Meet Again," and the Lord's Prayer. In a later issue of The Times, probably next Sunday, will appear a more detailed historical statement of the Presbyterian church than space permits here.

Sunday school was held for the first time in the new chapel of the First M. E. Church in the factory addition, Sunday afternoon. The attendance was very gratifying and the new Sunday school is starting off nicely. Its organization will not be completed until later, after the leaders there have developed. Sunday school will be held hereafter at 2:30 o'clock every Sunday afternoon.

Two good services marked the day at the First Christian Church yesterday the house being filled both morning and evening. At the evening service it was necessary to turn away more than a hundred people. Fifteen dollars was collected at last night's service for the flood sufferers in Ohio and Indiana. This has been turned over to The Times to be forwarded to the American Red Cross Society. Samples of art glass for the windows of the new church were exhibited at the church yesterday and a number of memorial windows were subscribed for. The proceeds from the sale of these memorial windows will go into the general building fund. As a tribute to the splendid work of the Ladies Aid Society, the church has dedicated the large center window on the Tenth street side of the church to that organization. The corresponding window on the north side of the church has been dedicated to the C. W. B. M.

Revival services were begun at the Wichita Mission of the First M. E. Church, South Sunday. There will be preaching each evening this week at 7:45 sharp and the attendance of every one and the help and encouragement of all interested in the advancement of His cause is asked.

Rev. J. W. Hill, pastor of the First M. E. Church, South returned to Henrietta yesterday afternoon where the Bowie District Conference has been in session, after preaching at his church here Sunday morning. He is expected home today. The district conference closed last night. It will be held next year at Megargel, Texas.

Six additions to the membership and the largest attendance at the Sunday school during his pastorate were causes for rejoicing by Rev. Fred L. McFadden, pastor of the Central Presbyterian Church and his congregation yesterday. Both services were well attended.

Mrs. Fred L. McFadden, wife of the pastor and Miss Jessie Kerr of the Central Presbyterian Church will go to Milford this week as delegates to the convention of the Ladies' Missionary Union of the Dallas Presbytery.

The observance of the Livingston centenary with the unveiling of his portrait and a special program in the Sunday school, the launching of the campaign to raise funds for the building of two missions at the morning service and a special service for young people in the evening at which the attendance overflowed the auditorium were features of an eventful day at the First Baptist Church. In connection with the Livingston centenary program in the Sunday school a liberal offering was made for missions. At the morning service about $2000 was pledged toward a proposed fund of $2500 for two missions, one in the factory addition and the other in the eastern part of the city.

Extra quality all through

Style plus greater values

That's the definition of these ***modern made*** clothes.

You get more for your money because the makers have centered the force of the largest tailoring organization in the world upon the perfection of

Styleplus Clothes $17

"The same price the world over"

Many of the all-wool fabrics are specially made by the woolen mills for this ***special*** suit. The patterns are as distinctive, the cloth is as fine as you see in many suits selling for $20 to $30 retail.

The framework of the suit is molded and bound together in permanent construction. The high-grade haircloth and canvas are even soaked in water to exclude any chance of shrinkage.

You get the hand-tailored, shapely and shape-retaining coat. This is possible because the Styleplus organization is admittedly the biggest and most modern in the world. Not only is every workman a specialist, but the whole manufacturing scheme is scientifically planned.

Look in our window. If the clothes don't look like greater values don't come in. All the latest spring styles and fabrics at our store only.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass Ga.—Mrs Della Long of this place in a recent letter says "For five or six years I suffered agonies with womanly troubles

Often I couldn't sit up more than a few minutes at a time and if I stood on my feet long, I would faint

I took Cardui and it helped me immediately Now I can do my work all the time and don't suffer like I did."

Take Cardui when you feel ill in any way—weak tired miserable or under the weather Cardui is a strength building tonic medicine for women

It has been found to relieve pain and distress caused by womanly troubles and is an excellent medicine to have on hand at all times

Cardui acts on the womanly constitution building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands Will you try it? It may be just what you need Ask your druggist about Cardui He will recommend it.

B D Dunnell, Managing Editor

Entered at the Postoffice at Wichita Falls as second class matter.

UNION LABEL

Wichita Falls Texas March 31 1913

Every man should own his own home. It is not only better for him financially but there is more pleasure in owning something rather than to be continuously paying rent. This is more especially true if you happen to be located in a live wire city like Wichita Falls for instance where rents are high and where property values never sell or change hands except at a substantial advance in price. It has been doing just that for the past six years. There is everything to indicate that it will continue to do so for the next five or six years. What the use of a man paying out rents sufficient to buy a home and then allow his landlord to continue to hold the deed? Buy a home in Wichita Falls. It is as safe an investment as you can make.

In the event the bill which has passed the legislature and which has for its purpose to prevent the emptying of sewers into running streams stands the final test and becomes a law it will mean that Wichita alls splendid sewerage system put in at great expense will be practically useless, or will have to be over hauled at great expense. Doubtless there are many other cities in the same fix. As the water in the Wichita river is not suitable for domestic purposes nor can it be used for irrigation it is difficult to see the good of such a law. If there were towns or communities below where the sewerage is emptied into the river that used the water for any purpose it would then furnish an excuse for the passage of such a law. As it is the passage of the law can only serve to prevent the pollution of the water in a river that is being put to about the only use it is fit for—that of carrying off refuse and waste from cities that are located on them.

In a few days the new congress will convene and then the American people will expect the Democratic party now in control of every branch of the National government to give them what it has pledged the people it would give—legislation that will tend to lower the prices on the necessaries of life and thereby reduce to some extent at least the cost of living. This can be done in the opinion of the greatest statesmen without materially injuring business interests or causing any panics. It might make it so that capital will not be able to realize so great a profit, but capital can stand to take less. The people who have trusted the Democrats did so because they were demanding a new deal all the way round. If the Democrats prove faithful to their trust there need be no fear but that the people will continue that party in power. There should be no side stepping. The time for action is now at hand and the day for the American people to be frightened by threats of panics from the money kings is or at least ought to be at an end.

Belle of Wichita--IT'S BETTER

Serve Velva On YOUR Table

You can't know how really good Velva Syrup is, unless you serve it to your family—not at any one meal—but at all three. There's a *use* for Velva three times a day—on griddle cakes, muffins or biscuits in the morning, in dainty desserts at noon, in cakes and cookies at night. Besides that, you'll find that

VELVA

makes the best candies and fudge that you ever munched—chewy taffies, kisses pulled candies and sugary sweets—and the fudge, you can't beat it, try as you will. Nearly a hundred ways of using Velva the syrup in the red can—clean, sanitary, delicious. Send for the book of Velva recipes. No charge. Velva in the green can, too, if you prefer it. Both kinds, ten cents up, according to size.

Cranberry Sherbet

1 cupful Red Velva Syrup, 2 quarts cranberries, 6 lemons, 2 egg whites, 1 1-2 cupfuls sugar, 1 quart water. Cover the cranberries with water and boil until soft. Strain on add the syrup, sugar and lemon juice. Freeze and when partly frozen add the whites of eggs and freeze to the desired consistency. This is excellent with turkey.

PENICK & FORD, Ltd.
New Orleans, La.

Planting Seed

We have a car load of pure Mebane cotton seed, which we bought of A. D. Mebane, Lockheart, Texas. It will pay you to plant some of these seed. Price per bushel **$1.35**. We also have a nice line of seed corn, maize, millet and kafir corn seed; also a large assortment of garden seed. Don't fail to see us before you buy.

What We Believe

There are three things we believe in, so much so that we have made them our motto, Honesty, Quality and Service. We believe in a good many other things too but we are strong for honesty if the other fellow owes us anything, while quality and service goes a long ways when we go to buy goods.

It's the quality that has given us success. Five years ago we opened a small plant here employing two men, today we have over a dozen employees with modern pneumatic tools with which to give the service required. Cemetery improvement is going on each day, we beautify a plot for some one by placing a memorial, they planting a flower in loving remembrance. It's all your fault if the loved one is unremembered, as our pleased customers will tell you we can be trusted, to mark the sacred mound.

You intend to beautify your Cemetery plot, WHEN? Yesterday is gone and tomorrow never comes. Our telephone is 110. We will get busy today if you say the word.

Entered at the Postoffice at Wichita Falls as second class matter.

UNION LABEL

Wichita Falls, Texas March 31 1913

Every man should own his own home. It is not only better for him financially but there is more pleasure in owning something rather than to be continuously paying rent. This is more especially true if you happen to be located in a live wire city like Wichita Falls for instance where rents are high and where property values never sell or change hands except at a substantial advance in price. It has been doing that for the past six years. There is everything to indicate that it will continue to do so for the next five or six years. What's the use of a man paying out rents sufficient to buy a home and then allow his landlord to continue to hold the deed? Buy a home in Wichita Falls. It is as safe an investment as you can make.

In the event the bill which has passed the legislature and which has for its purpose to prevent the emptying of sewers into running streams stands the final test and becomes a law it will mean that Wichita Falls splendid sewerage system put in at great expense will be practically useless, or will have to be over hauled at great expense. Doubtless there are many other cities in the same fix. As the water in the Wichita river is not suitable for domestic purposes nor can it be used for irrigation it is difficult to see the good of such a law. If there were towns or communities below where the sewerage is emptied into the river that used the water for any purpose it would then furnish an excuse for the passage of such a law. As it is the passage of the law can only serve to prevent the pollution of the water in a river that is being put to about the only use it is fit for—that of carrying off refuse and waste from cities that are located on them.

In a few days the new congress will convene and then the American people will expect the Democratic party now in control of every branch of the National government to give them what it has pledged the people it would give—legislation that will tend to lower the prices on the necessaries of life and thereby reduce to some extent at least the cost of living. This can be done in the opinion of the greatest statesmen without materially injuring business interests or causing any panics. It might make it so that capital will not be able to realize so great a profit, but capital can stand to take less. The people who have trusted the Democrats did so because they were demanding a new deal all the way round. If the Democrats prove faithful to their trust there need be no fear but that the people will continue that party in power. There should be no side-stepping. The time for action is now at hand and the day for the American people to be frightened by threats of panics from the money kings is or at least ought to be at an end.

WHERE TO BUY SUITS THAT FIT

It means much to you when you buy a suit from us. We give you the best of material and workmanship. Every garment is guaranteed. Every garment is in stock. Our linings are guaranteed to wear ONE year. Our [illegible] are guaranteed. [illegible] Satisfaction guaranteed or money refunded.

I will appreciate your account for April. Phone 432 and 232. C. H. Hardeman. 77 1tc

Belle of Wichita--IT'S BETTER

Serve Velva On YOUR Table

You can't know how really good Velva Syrup is, unless you serve it to your family—not at any one meal—but at all three. There's a *use* for Velva three times a day—on griddle cakes, muffins or biscuits in the morning, in dainty desserts at noon, in cakes and cookies at night. Besides that, you'll find that

VELVA

makes the best candies and fudge that you ever munched—chewy taffies, kisses, pulled candies and sugary sweets—and the fudge, you can't beat it, try as you will. Nearly a hundred ways of using Velva, the syrup in the red can—clean, sanitary, delicious. Send for the book of Velva recipes. No charge. Velva in the green can, too, if you prefer it. Both kinds, ten cents up, according to size.

Cranberry Sherbet

2 cupful Red Velva Syrup, 3 quarts cranberries, 6 lemons, 2 egg whites, 1 1-2 cupfuls sugar, 1 quart water. Cover the cranberries with water and boil until soft. Strain and add the syrup, sugar and lemon juice. Freeze and when partly frozen add the whites of eggs and freeze to the desired consistency. This is excellent with turkey.

PENICK & FORD, Ltd.
New Orleans, La.

National Canned Food Week

The week beginning March 31st., and ending April 6th., I will offer all Canned Foods at reduced prices.

What We Believe

There are three things we believe in, so much so that we have made them our motto, Honesty, Quality and Service. We believe in a good many other things too, but we are strong for honesty if the other fellow owes us anything, while quality and service goes a long ways when we go to buy goods.

It's the quality that has given us success. Five years ago we opened a small plant here employing two men, today we have over a dozen employees with modern pneumatic tools with which to give the service required. Cemetery improvement is going on each day, we beautify a plot for some one by placing a memorial, they planting a flower in loving remembrance. It's all your fault, if the loved one is unremembered as our pleased customers will tell you we can be trusted, to mark the sacred mound.

You intend to beautify your Cemetery plot, WHEN? Yesterday is gone, and tomorrow never comes. Our telephone is 110. We will get busy today if you say the word.

DRILLERS TAKE OPENER EASILY

OVERWHELM TIPTON SQUAD BY SCORE OF SIXTEEN TO ZERO

LOCALS SHOW UP NICELY

Scroggins Fans Ten Men In Five Innings and Gets Home Run—Fielders Have Little Work

The Drillers found the going easy in their first game on the home lot yesterday and defeated the Tipton team, 16 to 0. The feature of the game was the pitching of the Stamford southpaw, Scroggins who fanned ten batters in five innings and did not allow a Tiptonite to get to first.

The game was unsatisfactory so far as showing what the new Drillers can do, was concerned. Of the twenty-nine batters who faced Scroggins and Valverde, only one was fielded out. Eighteen were fanned and eight sent easy pop-ups. Just two reached first base, one on a clean hit the other on an error by Phillips. For most of the game the pitcher and catcher were the only ones who had any work at all.

The Drillers got to Smith with little difficulty after the first two innings and made a race-course of the diamond in the seventh and eighth. There were six two baggers, two three-baggers and a home run, the last being by Scroggins.

Both the local pitchers were left handers and while Scroggins showed up best yesterday, Valverde is no mean pitcher himself. He has less control than the Stamford boy, but has some fast, quick breaking curves. Scroggins had excellent control and evidently can put lots of stuff on the horse-hide, but did not attempt this often yesterday.

Wilson, Nicholson and Au Miller were tried at first base, but had so little to do that no comparison of them can be made. Shell at third had two chances and Payne at short had one, handling them nicely. The outfield consisted of Guthrie, Brown and Morris, all old timers. Behind the bat Rosamond caught for five innings and held the position down nicely. He pegs cleanly but not quickly.

The performance of Scroggins was the most interesting part of the game. He fanned every Tipton batter at least once and did not allow even a semblance of a hit. His home run was a smashing drive that looked tollable nice.

Nearly all the Drillers got at least one hit. Brown got three, but only one was a clean one; Guthrie also got three. Six errors by the Tiptonites also contributed to the score getting and the result was not long in doubt.

In general, the Drillers loom up quite promising. The new infield is yet to be tested, but both Shell and Payne look good, and first base should certainly be well filled with three likely boys to pick from. A little hardening up and stiff practice and they could save a lot of trouble and expense by awarding the pennant to Wichita Falls' right now. Yesterday's score:

Weed ANTI-SKID **Chains**

"Foolish dependence on rubber alone may make you liable for criminal negligence."

For your own safety—For the safety of the public and other road users, fully equip your car with **Weed Chains today.**

A Word of Warning

DO NOT BE DECEIVED BY A DEALER WHO OFFERS TO SELL YOU WEED CHAINS AT CUT PRICES. He is attempting to sell you our second quality tire chain, Rid-O-Skid, with the hope that you will believe you are purchasing the genuine WEED CHAINS at a bargain.

WEED CHAINS CAN BE EASILY IDENTIFIED — the name "WEED" is stamped on every cross chain hook, and each pair is packed in a brown canvas bag on which is printed: "Weed Chain Tire Grips." Every cross chain is brass plated, specially welded, tempered and inspected —of diamond-like hardness and smoothness, but not brittle.

Rid-O-Skids are made of softer material and with less care. The cross chains are not plated and each pair is packed in a white canvas bag on which is printed: "Rid-O-Skid Tire Chains."

Owing to the greater cost of the material used in the manufacture of WEED CHAINS, their sale prices must necessarily be higher than those of our Rid-O-Skid chain.

If you ignore the maxim "Initial Cheapness is False Economy" and purchase Rid-O-Skid chains instead of WEED chains, you will at least be much wiser than the man who insists upon taking chances by depending on rubber alone, and later experience will show you that WEED CHAINS give much greater mileage and are, therefore, cheaper in the end.

For Sale by Reputable Dealers Everywhere

Owner Recovers Lost Pocket Book

J W Apperson of Byers was in the city Saturday and while here lost his pocket book It was picked up on the street Saturday night by M J Lippman of Vernon and today the pocket book which contained a large sum of money—about $1500 was returned to the owner

Mr Lippman the finder is a foreigner, but has resided in Oklahoma and Texas for twenty six years where he has been engaged in the dry goods business He expects to make Wichita Falls his home and in fact has already put in a stock of ladies fine dress goods and millinery in the store room on lower floor of the Palace Hotel corner Eighth and Scott, which is in charge of two experienced ladies 77 ltp

HORATIUS

Who kept the bridge in the brave old days of old, is probably the most pleasing Roman hero of historic narrative He was what is known in some of the modern vernaculars as a Hum Dinger He stood pat and dared a powerful army to invade Rome and made it stick He was crowned with a laurel wreath which in the matter of honor was about the same as getting yourself fastened to a Carnegie medal for rescuing a pie-eyed wreck from a duck puddle who thinks he was aboard the Titanic when it sank

But speaking of honor the chap who will come in for tears of admiration as big as a gas meter for making a noise that reached round the world and blessed humanity from one end of the world to the other and who will reap a wreath worth mentioning is the chap who invented ALTA VISTA PURE ICE CREAM That taste teasing palate tickling ALTA VISTA PURE ICE CREAM that has a fetching farewell that you can t forget if you live until Matheuslah looks like a trundle bedder TAKE A BUCKET HOME

A GOOD PRESCRIPTION
For a Long Life
This is the prescription for a long life given by an old gentleman in Conn, who is 99 years old and still well and cheerful— Live temperately, be slow to anger, don t worry, take plenty of exercise in the fresh air and above all keep cheerful"
Should the system get run down—digestive organs weak—the blood thin and sluggish take Vinol which is a delicious combination of the medicinal—body building properties of cods livers with the useless grease eliminated and tonic iron added We regard Vinol as one of the greatest body builders and strength creators in the world for aged people
Mrs Mary Ivey of Columbus Ga, says 'If people only know the good Vinol does old people you would be unable to supply the demand it is the finest tonic and strength creator I ever used.'
We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction
